 \$6.76 sq ft
 1.30/ea.

Clay paving bricks differ from the brick used on walls and chimneys, in that paving bricks are solid, without holes. (See pg.16 for cored brick) In addition, paving bricks are fired to a different standard than face bricks to insure long-term durability. Our Clay pavers come in a "flashed" color which means there are a variety of red, and brown shades mixed on the pallets.

KF Canal Street Tumbled
 (4.95 pcs per sq ft.)
 Red or Flashed
 \$5.20 sq ft
 1.05/ea.
