-*O* indicates optional day – due to the distance, we will schedule a date at our discretion with availability to these areas.

*There is an additional \$12.00 split load charge on each additional product added to split load deliveries (2 to 3 product deliveries).

This is for the additional time it takes to load and off load the products. Our split loads are determined by weight, not necessarily volume. Whenever we can combine deliveries, we will suggest it to save you money. Sorry, we cannot deliver in 1/2 yard increments.
