RETURN POLICY

• There is absolutely no return of bulk loam, aggregates, bark mulch, stone by the pound or special orders.
• All returns must be made within 45 days of purchase, and must be accompanied by original sales receipt.
• We do not accept partial or opened pallets of natural stone.
• If we pick up product at your location, there is a standard 20% restocking fee.
• Refunds will be issued in the same manner payment was originally made. Cash will be refunded for payments made by check after 10 days.
• Any returns made without a receipt will be refunded by store credit.

DELIVERY FACTS YOU SHOULD KNOW

• Our delivery fees are based on mileage, directness of routes, and our own personal driving experiences.
• Scheduling is never easy! We regret that we cannot commit to a time of day; however, we will do our best to indicate AM or PM. You can also request a call when the truck is leaving our yard with your delivery.
• It is not necessary that you be present for your delivery. Provide us with instructions at the time of purchase, mark the area with a designated item or a Landscaper Depot stake provided by your sales associate, and we will do everything in our power to see that your needs are met. Please note, we cannot be responsible for product delivered in the wrong area if the area was not properly marked.
• When deciding where you would like your materials dumped, please check the area for overhead wires, low tree limbs, etc. Also take into consideration the height clearance required by our trucks while dumping. Class 1 or 2=15’ ht clearance, Class 3=20’ ht clearance, Class 4=25’–30’ ht clearance. Forklift width is approx. 9 ft.
• Unless a particular truck size is specified, for scheduling purposes, Landscapers Depot reserves the right to send a truck that may be larger than necessary to complete your order.
• Sorry, we cannot deliver ½ yard increments.
• We require 24 hours notice for any cancellations or changes. Less than 24 hrs. notice of cancellation will result in a $25.00 cancellation fee.
• When considering cancellations due to weather, keep in mind our materials are not stored indoors.
• With fluctuating fuel costs, we reserve the right to assess a fuel surcharge.
• Last but not least, in the wet weather the ground is very soft. Our heavy trucks cannot always go where your car, pickup truck or garden tractor can go. It is very important that you have an alternate delivery area planned.

ALL PRICES SUBJECT TO CHANGE WITHOUT NOTICE

One source. Infinite possibilities.™ 3
-“O” indicates optional day – due to the distance of towns, we will schedule a date when we are headed in your direction.

*There is an additional $12.00 split load charge on each additional product added to split load deliveries (2 to 3 product deliveries). This is for the additional time it takes to load and off load the products. Our split loads are determined by weight, not necessarily volume. Whenever we can combine deliveries, we will suggest it to save you money. Sorry, we cannot deliver in 1/2 yard increments.

Boral Cultured Stone
Boral’s Cultured Stone is the brand that created the man made stone industry, for over 50 years they’ve been creating quality and aesthetically pleasing man made veneers.

Natural Stone Veneer
There’s nothing more durable, more natural, or more breathtaking than natural stone. This product is naturally beautiful. It can be used almost anywhere, interior or exterior.

KF Redland Thin Brick Veneer
With Thin Brick from Redland Brick, you can add the classic beauty of genuine clay brick to your home without the weight, mess, and cost of concrete footings. The possibilities are endless!

Stoneyard Veneer
Our thin stone veneer product line is made in the USA and consists of quarried and weathered natural stones that have been cut down to less than 1 inch thick and weigh less than 15 lbs. per square foot.

**Loading Policy**
We cannot load any posts, steps, treads 4’ or longer into anything but an open pick-up truck (no cap) or open trailer.

**Rock Face**: heavy relief, hand cut (chiseled) finish.

**Thermal**: slightly pebbled, non-skid finish produced by the application of high temperature flame.

At Landscapers Depot we only offer hand chiseled rock face finish granite. When pricing posts & steps, be sure you are comparing premium hand chiseled rock face, which is superior to split face finish granite.

Heritage Finish Pavers

Heritage series pavers are manufactured to have an antique finish. They go through a special process to give them an aged appearance. This additional manufacturing process adds both texture and charm, but also comes at a higher cost than standard finish pavers.

Adirondak

This captivating paver features the historic combination of square and rectangular modules working in tandem to create a random segmental paving surface. While its unique and distinct cast edge treatment sets this stone apart from its class, Adirondak's textured surface creates the feel of old cobble paving.

Colony Cobble

This 4 piece paving system provides a nostalgic appeal for both residential and commercial environments. The tumbled surface expresses an aged and weathered appearance suitable for most high traffic areas. The product’s running bond pattern conveys the tradition of colonial architecture and compliments most environments. Running bond only.

Permeable surfaces help to preserve our environment and the most precious resource of all, water. We can’t live without water, and permeable pavers help protect the quality of our water supplies. They reduce the amount of storm water runoff entering our natural waterways that carry with it contaminants and pollutants. The water is allowed to naturally drain into the surface through the voids in the permeable pavers. This promotes the infiltration of rainwater and also helps to recharge the groundwater.

**Eco-Enviro**

Eco-Enviro Stone™ is produced with an interlocking joint and a micro-chamfered top edge profile. Eco-Enviro Stone can assist in meeting current EPA storm water regulations and LEED certification. This ingenuity, combined with the 5"x10" size of the paver, is exclusive to Keystone Hardscapes’ permeable pavers and insures optimum pavement performance unequaled in the permeable paver industry.

**Available Colors:**
- Granite Blend

98 sq ft/ Pallet 3 1/8" thick  $387.10

**Eco-Venetian II**

Keystone Hardscapes’ premier permeable paver, the Eco-Venetian stone, is the latest in environmentally friendly paving stones. Its 3pc modular square and rectangular shapes and uniquely attractive cleft surface set it apart from other permeable pavement treatments. This texture resembles stone facing and invokes a more natural convention.

## Clay Pavers

Clay paving bricks differ from the brick used on walls and chimneys, in that paving bricks are solid, without holes. (See pg.16 for cored brick.) In addition, paving bricks are fired to a different standard than face bricks to insure long-term durability. Our clay pavers come in a “flashed“ color which means there are a variety of red and brown shades mixed on the pallets.

Landscape Design

Inspiration Package- $99
An in-office session scheduled by appointment, this package includes 1 hour with our designer, for one area of your home you wish to enhance (such as front foundation planting or garden). In order to provide the best possible design tailored to your needs, before your session please e-mail us at least 3 photos of the area you are looking to improve from different angles, as well as the completed “Design Questionnaire”. This will help identify the site conditions and your preferences. At the end of your session you will receive one digitally enhanced image with plant recommendations, as well as a coupon for 10% off a one-time plant purchase, valid for 14 days after receipt of your design.

Home Consult - $275 (within a 1/2hr of Landscapers Depot)
An in-home consult scheduled by appointment, this package includes a 1 hour meeting at your home with our designer where the designer will take measurements of the areas you wish to enhance. In order to provide the best possible design tailored to your needs, before your session please e-mail us the completed “Design Questionnaire”. This helps identify your preferences and site conditions, which will be discussed in depth during your meeting. Within 1-2 weeks you will receive your completed design which will include a digitally enhanced image, as well as a materials list. You will also receive a coupon for 10% off a one-time plant purchase, valid for 30 days after receipt of your design.
