Full Day: Up to 24 hours with equipment, up to 8 hours on the hour meter.

Weekly: Up to 7 days with equipment, up to 40 hours on the hour meter. Ask us about longer term rental agreements.

Equipment	Description / Requirements	Hourly	Full Day	Weekly
Block Splitter	The long cutting handle makes it easy to cut even the thickest blocks. High performance split achieved through cam action and extra long cutting handle.		✓	✓
Bulldozer D-21 Komatsu	Great grading machine: new lawns or renovations, driveways, grading or spreading any type of fill. Low ground pressure steel tracks, great for damp or wet areas. 44 HP 4 cylinder diesel engine. 8'6" width, 8'2" height. 10,000 lbs. Class V Towing Requirement.		✓	✓
Dump Trailer - Small	5' x 8'; single axle; holds 2 cu yards of light material, 1 yd heavy, or 1 pallet. Class III Towing Requirement. For use with Landscapers Depot products only.	✓		
Dump Trailer - Large	6'2" x 10'; double axle; holds 4 cu. yards of light material, 2 yds. of heavy, or 2 pallets. Class IV Towing Requirement. For use with Landscapers Depot products only.	✓		
Excavator Yanmar VIO-27	For small/medium jobs requiring trench work: perimeter drains, underground utility work. Rubber tracks travel over driveway without damage. 18" bucket. Blade for back filling trenches, not a grading blade. Cat or JD controls, Maximum digging depth 8'2". 22 HP diesel engine. 53" width, 7'9" height. 5,000 lbs. Class IV Towing Requirement.		✓	✓
EcoLawn Top Dresser	The EcoLawn Top Dresser is a multi-purpose motorized broad cast type spreader intended for the application of all kinds of soil mixes, including top soil, compost, organic fertilizers, lime and sand. Has a capacity of over a half yard of material, or 11.5 cubic feet. Must have an equipment trailer.		✓	✓

Rental Information

- A major credit card & valid drivers license are required on any equipment rental. You may pay for the rental itself with any method of payment.
- We require 24 hours notice on rental cancellation; otherwise there is a \$50.00 cancellation fee.
- We do offer a damage waiver on equipment, which is 10% of the rental price. Homeowners: check your Homeowners Insurance for coverage. Contractors: check your General Liability Insurance for coverage.
- Equipment comes with a full tank of fuel, you must replace any fuel used during your rental, or we can supply it for you at market price.

Towing Requirements

- Class III: ½ ton truck or SUV or larger. Minimum of 5,000 lb rating. Class IV: ¾ ton truck or SUV or larger. Minimum of 7,500 lb rating. Class V: 1 ton truck or larger. Minimum 10,000 lb rating.
- Delivery and pick up service available for a Class 3 delivery charge, or provided you have a vehicle capable of towing the equipment you are renting, our trailers are available at no extra charge. We may require immediate return of trailer.
- Unless otherwise noted, a 2-5/16" ball hitch is standard for towing. If your hitch is not compatible, we do rent ball receiver hitches for an additional \$15.00

Delivery Facts You Should Know

- Our delivery fees are based on mileage, directness of routes, and our own personal driving experiences.
- Scheduling is never easy! We regret that we cannot commit to a time of day; however, we will do our best to indicate AM or PM. You can also request a call when the truck is leaving our yard with your delivery.
- It is not necessary that you be present for your delivery. Provide us with instructions at the time of purchase, mark the area with a designated item or a Landscapers Depot stake provided by your sales associate, and we will do everything in our power to see that your needs are met. Please note, we cannot be responsible for product delivered in the wrong area if the area was not properly marked. If our truck cannot access the designated area, we will make every attempt to contact you for alternate instructions. If you cannot be reached our driver will use their discretion to dump in a safe and accessible location.
- When deciding where you would like your materials dumped, please note that a signed liability release is required for all off road deliveries. Please check the area for overhead wires, low tree limbs, etc. and take into consideration the height clearance required by our trucks while dumping:
Class 1 or 2 = 15' ht. clearance, Class 3 = 20' ht. clearance, Class 4 = 25'-30' ht. clearance.
Forklift width is approx. 9' wide.
- Unless a particular truck size is specified, for scheduling purposes, Landscapers Depot reserves the right to send a truck that may be larger than necessary to complete your order.
- Sorry, we cannot deliver ½ yard increments.
- We require 24 hours notice for any cancellations or changes. Less than 24 hrs. notice of cancellation will result in a \$25 cancellation fee.
- When considering cancellations due to weather, keep in mind our materials are not stored indoors.
- With fluctuating fuel costs, we reserve the right to assess a fuel surcharge.
- Last but not least, in the wet weather the ground is very soft. Our heavy trucks cannot always go where your car, pickup truck or garden tractor can go. It is very important that you have an alternate delivery area planned.
